Goodbye Rains, Hello Pujas

The rains have been interesting at the DI.

Self-service was put to the test and came away with flying colours - some of those colours belong to those humongous umbrellas carried by diminutive NIS staff to ferry members and their trays from counter to table and from table to parking lot.

The new mobile app which now has 550+ users is also a huge hit, judging from the feedback responses. Members now avoid multiple trips to the counters to order, then to see if the food is ready, watching the numbers on the "ting-tong machine". They sit, order from the app, wait for the notification "Order is ready" and head off to collect.

The app payment gateway is working well, after a few little glitches. Members can pay bills, top up cash cards, check coming events, the newsletters, old monthly bills and call the office or send emails directly from their phones with a single click. Or contact a Council member.

It's raining excitement at the DI as you will see from our event updates, a flood of food festivals, a drizzle of new menu items, thunderous private catered parties, lightning sports telecasts, and we're saving the Sports News Flashes for next newsletter - not for a rainy day!
